- Smoking is not allowed inside the pavilion or in closed areas.

For security reasons, and in some of the fairs, there is access control using an X-ray scanner.

Items that must go through the scanner:

- Jackets and coats
- Laptops and tablets out of their case.
- Hand luggage (suitcases, briefcases, bags, etc.)
- Goods that, due to their opacity, can only be verified through X-ray control equipment.

The security guard in charge of the scanner may require the suitcase or backpack to be opened for a second check if the image is not clear.

Suitcases or backpacks that, due to their dimensions, cannot be verified through X-ray control equipment. They must be verified by opening them, with the consent and permanent supervision of the owner and in a private space enabled for this purpose. If you refuse, the owner will not be able to access the Lounge with said suitcase or backpack. The venue will have a voluntary cloakroom service for objects verified by the security team.

Recinte Montjuïc-Plaza Espanya. Fira de Barcelona.

Prohibited objects that are not expressly authorized:
