INTERNATIONAL LOGISTICS EXHIBITION

World-leading Logistics, Transport, Intralogistics and Supply Chain Fair

**WE ARE THE SECTOR THAT
CONNECT THE WORLD**

Hall 8 of the exhibition site of
Montjuïc de Fira de Barcelona

ORGANIZED BY

ZF | CONSORCI
barcelona
ZONA FRANCA

"With more than a quarter of a century of history, the International Logistics Exhibition (SIL) has established itself on its own merits as the world's leading Logistics, Transport, Intralogistics and Supply Chain Fair. We want to contribute to promoting the unstoppable transformation of this industry based on three pillars: business generation, quality networking and knowledge exchange. We are proud to promote the advancement of a key sector for the economy and social progress, which transforms the world by betting on connectivity and digitalization".

PERE NAVARRO,
Special State Delegate to the CZFB

SIL 2024 IN NUMBERS

SIL
Barcelona
5 - 7 June 2024

SIL has emerged as the main industry event where the **latest innovations** that are transforming the sector are showcased. It is **the only international event that brings together the entire value chain** of the logistics sector. An unmissable event where **new trends and challenges in the logistics industry are analyzed**, as well as the changes that are being brought about by **the emergence of technologies** such as Artificial Intelligence (AI), Internet of Things (IoT), Blockchain, or Big Data.

This year marks the 20th anniversary of **Meda Logistics Week Barcelona**, the most important leadership conference for the transport, logistics and supply chain industry that focuses on the regions of **3 continents**: Southern Europe, North Africa and Southeast Asia.

SIL NETWORKING ZONE

SIL schedules exclusive and face-to-face B2B meetings according to the interests of each visitor and participating companies in order to promote high-quality networking and the generation of new business.

SIL PLATFORM

A self-developed tool that offers the possibility of networking by sending messages between attendees. The platform allows you to request meetings with companies and browse through all the options of the event, accessing from any device through the SIL website.

It can also be downloaded to your mobile phone.

XIV BAROMETER OF THE SIL LOGISTIC CIRCLE

SIL
Barcelona
5 - 7 june 2024

In this new edition, the SIL has carried out the **XIV Logistics Circle Barometer 2024** where it analyzes the logistics sector in depth.

It has had the collaboration of **1.019 Spanish Logistics or Supply Chain directors from different sectors of the industry**, and who have participated as members of the SIL 2024 Logistics Circle.

The Barometer concludes that:

89.5% of companies believe that innovation has contributed to improving the efficiency of logistics.

80.7% of companies are committed to the SDGs.

More than half of the companies plan to make investments of more than one million euros to adapt to the 4.0 economy in five years' time, increasing interest by **6.6%** compared to the previous year.

See the full results of the Barometer

"SIL is the biggest international event of the logistics sector, where more than 170 innovations are presented in a world exclusive. At CFZB we want to accelerate innovation in the logistics industry, promoting the creation of synergies and new business opportunities. 90% of SIL visitors hold positions with decision-making and purchasing power within companies, therefore, this translates into a great impact within the sector".

BLANCA SORIGUÉ,
Director General of the CZFB
